On January 27, 2011, the New York State Racing and Wagering Board granted the Yonkers Racing Corporation track and simulcast licenses for 2011.

The Board assigned the remainder of the 244 racing programs requested on the dates specified and at the post-times requested. The Board approved the plan relating to Totalisator Room Security (Rule 5100.23[d]) and granted a waiver from compliance with the 72-hour purse distribution requirement (Rule 4118.1[b]).

The 2011 track and simulcast licenses are conditioned upon the following:

- Compliance with all applicable provisions of the Racing, Pari-Mutuel Wagering and Breeding Law, Board rules and orders, and directives of the New York State Racing and Wagering Board. These include but are not limited to the following:
  - a. Retransmission of your simulcast signal by authorized recipients to secondary recipients is not allowable without disclosure within the contract of the names and locations of all secondary recipients.
  - b. The Board has the authority to audit the out-of-state receiving site's books and records (including all secondary sites that receive your simulcast) and must be noted in any simulcast agreement entered into for your simulcast signal. Included within the agreement must be reference that the guest shall permit inspection of the totalizator facilities at the site where guest's wagers are subject to commingling and all related totalizator books and records by a representative of the host or of the host's Board. Names and contact telephone numbers and/or addresses of managers at all pari-mutuel "hubs" used in the course of your simulcast transactions, if not included within individual contracts, must be supplied to the Board.
  - c. Any agreement which you are party to is subject to the requirements of the host and guest states with any provision mandated by either jurisdiction with such provisions specifically incorporated into contract by reference. Both parties, including any Secondary Recipients, shall comply with the provisions of all-applicable Federal, State and local laws and regulations.
  - d. An SAS-70 Type II audit is to be performed for the current licensing period on the totalizator operations utilized and located at your facility. The report is to be filed with the Board no later than October 31, 2011.
  - e. Rule 5100.2(b)(1), which requires that the track's totalizator system be in compliance with Rule 5100.24(1)-Independent Monitoring System.

5. **NYS TAXATION & FINANCE – CERTIFICATION OF YEARS 2010 AND 2011 RACING DATES/RACES FOR TAX RATE PURPOSES**

For 2010, Finger Lakes Racetrack, Monticello Raceway, Saratoga Gaming and Raceway and Yonkers Raceway conducted at least 90% of programs/races in 1985 or 1986 (whichever year had the fewer).

For 2010, the Board found that for Batavia Downs, Buffalo Raceway, and Vernon Downs, it would have been uneconomical or impractical for these corporations to be assigned the prescribed number of racing dates, pursuant to Section 318.5(b). This finding entitles these harness racetracks to be classified as if each complied with such requirements.

The Board certified that Finger Lakes, Batavia Downs, Buffalo Raceway, Monticello Raceway, Saratoga Harness, Vernon Downs, and Yonkers Raceway complied with either Section 228.3(b)(ii) or Section 318.5(b)(ii) of the Racing, Pari-Mutuel Wagering and Breeding Law for the purpose of establishing the 2010 pari-mutuel tax rate.

For purposes of establishing the pari-mutuel tax rate for 2011 pursuant to Racing, Pari-Mutuel Wagering and Breeding Law Section 318, the Board certified the following:

1. Both Monticello Raceway Management, Inc. (for Monticello Raceway) and Yonkers Racing Corporation (for Yonkers Raceway) have been assigned at least the minimum number of programs and races prescribed in Racing, Pari-Mutuel Wagering and Breeding Law Section 318.5(a); and
  2. Both Buffalo Trotting Association, Inc. (for Buffalo Raceway) and Western Regional Off-Track Betting Corporation (for Batavia Downs) have been assigned fewer than the minimum number of programs and races prescribed in Racing, Pari-Mutuel Wagering and Breeding Law Section 318.5(a) and the Board found that the assignment of the lesser number was for good cause shown due to factors beyond the control of the corporations or because it would be uneconomical or impractical for such corporations to be assigned the prescribed number.
