

IFB: C202109V2 – Haivision Equipment, Installation and Maintenance

BIDDER ACKNOWLEDGEMENT OF AMENDMENT

Amendment Three

Issued: April 12, 2022

Summary:

- 1. The Commission's answers to requests for clarification to Round 2 questions and answers follow.
- 2. A further revised Attachment 2 Bid Form is included. <u>Please use this further</u> revised Bid Form, as the equipment and quantities required have changed.
- 3. Quantities and the models and features required in Section 3.1 of the IFB are amended as follows (amendments are shown in red):

Quantity	Models and Features
3	B-MX4E-SDI4-UHD Makito X4 SDI Encoder Blade– H.264/AVC & H.265/HEVC IP Video Encoder – Single Channel 6/12G-SDI or Quad channel 3G/HD/SD-SDI
1	S-MX4E-SDI4-UHD Makito X4 SDI Encoder Appliance– H.264/AVC & H.265/HEVC IP Video Encoder – Single Channel 6/12G-SDI or Quad channel 3G/HD/SD-SDI, with spare power supply (one (1) each)
9	S-MX4D-SDI4-UHD Makito X4 UHD SDI Decoder Appliance – HEVC/H.265 & AVC/H.264 IP Video Decoder – Single channel UHD or Quad channel 3G/HD/SD-SDI; up to 3840x2160p60 video;16 channel AES digital audio; 10/100/1000 Ethernet; with spare power supply (one (1) each for each remote site
2	B-MX4D-SDI4-UHD Makito X4 UHD SDI Decoder Blade – HEVC/H.265 & AVC/H.264 IP Video Decoder – Single channel UHD or Quad channel 3G/HD/SD-SDI; up to 3840x2160p60 video;16 channel AES digital audio; 10/100/1000 Ethernet; with spare power supply

C202109V2 – Haivision Equipment, Installation and Maintenance Question and Answer Summary – Amendment Three Issued: April 12, 2022

	9	Haivision 1RU Appliance Mounting Bracket
	2	P-MB6X-AC-PSU Haivision 6 Slot Chassis (Redundant AC)
	2	Haivision SRT Gateway appliance (or equivalent) with
		100mbps aggregate output, includes configuration
Annual Haivision Premium Support Program for a minim		Annual Haivision Premium Support Program for a minimum
		of five years

By signing below, the Bidder attests to receiving and responding to the amendment number indicated above.

C202109V2 – Haivision Equipment, Installation and Maintenance Question and Answer Summary – Amendment Three Issued: April 12, 2022

Q.1: The SKU: S-MX4E-SDI4-UHD refers to the encoder with the MB1 appliance chassis and power supply.

The SKU: B-MX4E-SDI4-UHD refers to the encoder blade only.

For reference, see "Makito X4 Encoder (#S-MX4E-SDI4)", "Makito X4 Encoder blade (#B-MX4E-SDI4)" and "MB6X Multichannel Chassis (#MB6X-RAC)" images here: <u>https://doc.haivision.com/MakitoX4Enc1.4.1/makito-x4-encoder-user-s-guide/introduction/product-overview/chassis-styles</u>

Where the Amendment refers to "S-MX4E-SDI4-UHD" and "Encoder Blade", shall we quote the appropriate SKU: B-MX4E-SDI4-UHD?

A.1: Yes

Q.2: Likewise, the SKU: S-MX4D-SDI4-UHD refers to the decoder with the MB1 appliance chassis and power supply.

The SKU: B-MX4D-SDI4-UHD refers to the decoder blade only.

For reference, images of the MX4 Decoder appliance and blade can be seen here: <u>https://doc.haivision.com/MakitoX4Dec1.3.1/makito-x4-decoder-user-s-guide/introduction/product-overview/chassis-styles</u>

Where the Amendment Two refers to "S-MX4D-SDI4-UHD" and "Decoder Blade", shall we quote the appropriate SKU: B-MX4D-SDI4-UHD?

A.2: Yes

Q.3: Where Amendment Two refers to the "Decoder Blade...with spare power supply" is it referring to the MB6 spare PSU (SKU: P-MB6X-AC-PSU), MB1 appliance spare PSU (P-292-PS-I) or are the spare power supplies unnecessary to quote for this line item?

For an image of the MB6 PSU, please refer to: <u>https://doc.haivision.com/Hardware/mb6-multichannel-chassis-installation-guide/mb6-installation/mb6-power-components-f-mb6x-rac-and-f-mb6x-dc</u>

For an image of the MB1 Appliance PSU, please refer to: <u>https://doc.haivision.com/MakitoX4Dec1.3.1/makito-x4-decoder-quick-start-</u> <u>guide/install-the-decoder/power-up-the-decoder</u>

A.3: The reference is to the MB6 spare PSU (SKU: P-MB6X-AC-PSU).

C202109V2 – Haivision Equipment, Installation and Maintenance Question and Answer Summary – Amendment Three Issued: April 12, 2022

.

Q.4: Amendment Two reverts the Haivision SRT Gateway 100 Server (S-SG-10) description back to "dual-power and dual-server redundancies". As previously, clarified in Amendment One, each S-SG-10 is a single server with a single power supply. Was this a typo in Amendment Two?

A.4: Yes. This typo is corrected in the revision to Section 3.1 of the IFB, in #3 of the Summary, above.
