

Exhibit X.C.3 – Energy Efficient Equipment

Submit as Exhibit X.C.3. a description of Applicant’s plans for ensuring use of Energy Star-rated equipment and high-efficiency HVAC equipment and appliances throughout the Gaming Facility complex.

Energy Star equipment will be specified throughout the project including, but not limited to, kitchen equipment such as ranges, grilles, coolers, refrigerators, dishwashing equipment, and ice machines. Energy Star labeled laundry equipment will also be selected both for staff and guest use. Vending machines will be equipped with energy miser controls. In reference to HVAC and lighting systems, selections will be made that will qualify for both NYSERDA and Utility New Construction Program incentives.
