

### *Spa and Fitness Center*

A unique feature of the Gaming Facility is the signature Hard Rock Rock Spa™ and Body Rock™ fitness center.

The Rock Spa will be approximately 2,500 square feet. The Rock Spa will feature the latest in music and sound technology, and dramatic lighting for feature walls which contrast the soft lighting in passageways and treatment rooms. Sconces, coves and niches hide light sources. Flameless candles and fire elements provide light, movement and warmth through the spa.

The Body Rock fitness center will be approximately 1,000 square feet. The fitness center will be furnished with top-of-the-line equipment including treadmills, elliptical, cardio and strength equipment providing a state-of-the-art experience for personal wellness. Customized workout music mixes may be available for guests to use for meditation, yoga or cardiovascular exercises.
