

As demonstrated in Exhibit VIII.7.a. we anticipate direct job creation of approximately 1,200 jobs. The Applicant further commits to hiring a minimum of 1,000 individuals in total (between full and part time employees).

As it has been the case at both Mohegan Sun's Connecticut and Pennsylvania resorts, we will hire and quickly develop individuals in the host city as well as the surrounding communities throughout New York, providing these individuals with more than just a job, but a new career. We believe our track record in other jurisdictions has proven that we provide a high number of quality jobs.
