

#### **EXHIBIT VIII.C.9.a. ENTERTAINMENT VENUES MOHEGAN SUN AT THE CONCORD**

*a. Submit as Exhibit VIII. C.9.a. a description of the entertainment venues proposed for the Project Site whether located inside or outside the Gaming Facility, the square footage and patron capacity of each (minimum/maximum), admission charges/price, the contemplated frequency of events (e.g., number of entertainment events and entertainment days), and uses/types of entertainment to which the venues will be dedicated. Describe and provide copies of any arrangements or agreements with promoters, artists, or performance companies or troupes. Substantiate (e.g., by comparison to analogous projects) the bases for such plans and estimates.*

Mohegan Sun at The Concord's program will include several entertainment options and venues. At the heart of the casino floor will be the center bar and entertainment lounge (see pages 36-38 in the Design Book). It will consist of approximately 4,000 square feet of modern, high end lounge and bar space with a stage located at one end for frequent musical performances. These will likely take place on a daily basis free of charge, in increasing frequency on weekends, and will create a lively and electric ambience that will resonate out into the immediate casino and restaurant areas. At the northern end of the facility will be the 25,000 square foot multi-purpose space. This venue will play host to larger musical performances, comedy shows and sporting events such as boxing and MMA matches. These events will carry varying degrees of admission charges and will occur less frequently than those at the performance bar and lounges, taking place primarily on weekends when hotel and casino demand is likely to be at its peak.
