

EXHIBIT X.C.8**Domestic Slot Machines****MOHEGAN SUN AT THE CONCORD**

Mohegan Sun places a high importance on purchasing goods and equipment from local vendors and businesses when developing and running our resorts. The same will hold true as Mohegan Sun at the Concord (MSC) seeks to purchase slot machines for its casino. Domestically manufactured slot machines are currently installed in both Mohegan Sun’s Connecticut and Pennsylvania properties. MSC is committed to installing domestically manufactured slot machines at its facility in Sullivan County. Table X.C.8.1 below identifies the current list of domestic based slot machine manufacturers that we will consider for MSC. Slots from all companies listed are currently installed within our Connecticut and Pennsylvania properties.

Table X.C.8.1 – Domestic based slot machine manufacturers.
