

Attached as Exhibit VIII A 15 a (1) is a description of the other properties owned and/or managed by Mohegan Gaming New York LLC (the proposed Manager of the Applicant) which is a subsidiary of the Mohegan Tribal Gaming Authority (MTGA).

MTGA has owned and operated a gaming and entertainment complex known as Mohegan Sun in Uncasville, Connecticut since 1996. As it exists today, the facility is 3.1 million square feet and features three separately themed casinos, an approximately 1,200-room luxury hotel and approximately 100,000 square feet of convention space. The facility also features a large shopping mall and a 10,000 seat arena. The gaming floors collectively feature approximately 5,500 slot machines, 280 table games and a 42 table poker room.

There is no casino in the Western Hemisphere that produces more gross gaming revenue than Mohegan Sun Connecticut. With fewer gaming positions and hotel rooms than its nearby and earlier-to-market competitor, Mohegan Sun in Connecticut has consistently outperformed its nearby competition.

In addition, MTGA was the first to open a gaming facility in the Commonwealth of Pennsylvania. The property, known as Mohegan Sun Pocono Downs features approximately 2,300 slot machines, 66 table games and 18 poker tables. The property also features many restaurants and retail shops and recently opened a 238-room hotel with approximately 20,000 square feet of convention space.

We believe that our operational experience is well founded – and that we have proven we can successfully operate a destination resort like we have in Connecticut as well as a regional destination gaming facility in Pennsylvania, in even the most competitive setting.

Mohegan Sun Connecticut’s annual net revenues consistently exceed \$1 billion. Mohegan Sun Pocono Downs’ net revenues are current approximately \$300 million. Please refer to the figures below for the last five fiscal years net revenues and EBITDA margin.
