

# EXHIBIT VIII.C.6.b.

## CASINO

### High Limit and VIP Programs

**Submit as Exhibit VIII.C.6.b. a description of any plans for special high limit or VIP programs and amenities, including areas such as club member lounges, dining areas, restrooms, or VIP hotel check-in area(s).**

Montreign Resort Casino will offer a special VIP program utilizing the Me. Card player database. Certain Me. Card member levels will provide these gaming guests with a higher level of service and access to amenities and guest services. Such services and amenities are described in Exhibit VIII.C.6.a. and below.

Upon arrival at Montreign, Gold and Platinum level members of the Me. Club will have a specially designated VIP entry lane to use when visiting the resort. During their stay, these guests will receive complimentary valet services.

The V.I.Me. Players' Lounge is restricted to our higher end players' club guests at the Gold and Platinum levels. Complimentary alcoholic and non-alcoholic beverages will be offered along with appetizers, finger sandwiches, snacks and desserts.

The V.I.Me. Players' Lounge will provide a quiet area for our higher-end players to relax and take a break from the excitement of gaming. The V.I.Me. Players' Lounge is located within the high limit gaming area. Montreign's high limit gaming area is more fully discussed in Exhibit VIII.C.6.a.

Gold and Platinum level Me. Card holders will have priority seating in all restaurants, lounges and entertainment venues, and will have access to a distinct toll-free number to contact a player development executive who will arrange for their stay before they arrive. While staying at Montreign, their player development executive or host will assist them to ensure their stay is enjoyable. Restaurants and entertainment venues will have special seating blocks or Me. Club VIP lines to ensure timely and attentive service.

As more fully discussed in Exhibit VIII.C.7.a., Montreign's high standards of service will be provided to all of our guests and will include friendly attentive service from arrival to departure. We will provide an even higher level of service to our penthouse guests. Our higher-end gaming guests utilizing our suites and our penthouse floor will be provided with a VIP check-in area. Our penthouse level guests will also have butler service available. Our butler service will ensure that these high valued gaming guests will have their requests handled quickly.

The VIP check-in area will be staffed with employees who will ensure the guest's check-in is processed quickly and with a high level of personalized service. These VIP hosts will be available to handle other reservation and guest needs during their stay, including recommendations and assistance with booking reservations and services both within Montreign and outside the property.

Gold and Platinum level Me. Club members will have access to exclusive marketing offers, promotions and special events, as more fully described in Exhibit VIII.B.2. These offers will be extended through direct mail programs and personal contact by a player development executive. If at any time the guest has questions regarding any of these items, they may contact a member of the player development host team or use their distinct toll-free number for assistance.

Gold and Platinum Me. Card members will also have access to designated VIP service windows at the Me. Club and the casino cage. The VIP windows are designed especially for VIP members and will offer expedited service. Finally, such guests, if they have gaming credit, will have access to the Director of Credit or a Credit Executive to assist them with accessing their credit needs and address any inquiries they have about their credit.

**Our aim with the Gold and Platinum level Me. Card members is to provide personalized service from the time they start planning their visit, to their arrival, to their stay and to their departure. Consistent delivery of personalized guest service is paramount in ensuring retention of these guests.**
