

Submit as Exhibit X.C.3. a description of Applicant's plans for ensuring use of Energy Star-rated equipment and high-efficiency HVAC equipment and appliances throughout the Gaming Facility complex.

Montreign Operating Company, LLC understands the need to protect our climate. We are committed to purchasing efficient products in order to reduce energy consumption, improve energy security and reduce pollution through products that meet the highest energy efficiency standards. Energy Star equipment will be specified throughout the project including, but not limited to, kitchen equipment such as ranges, grilles, coolers, freezers, refrigerators, dishwashing equipment and ice machines. Energy Star labeled laundry equipment will also be selected to support both guest and employee needs. Vending machines will be equipped with energy miser controls. In reference to HVAC and lighting systems, selections will be made that will qualify for both NYSERDA and Utility New Construction Program incentives.

Please refer to Attachment VIII.C.16.-1 for the Schematic Design Systems Report for the Montreign Resort Casino which outlines in a preliminary fashion some details on high-efficiency equipment proposed to serve the Montreign facility.
