

**Submit as Exhibit X.C.8. a description of plans for purchasing, wherever possible, domestically manufactured slot machines for installation in the Gaming Facility.**

Montreign Operating Company, LLC will make every effort to purchase, wherever possible, domestically manufactured slot machines for the Montreign Resort Casino.

Montreign’s executives and consultants have extensive knowledge of and experience in the gaming industry and have a comprehensive understanding of the product offerings that will be successful in the highly competitive Northeast gaming market. If awarded a License by the Commission, the Montreign team will use its expertise to develop a slot floor mix for Montreign Resort Casino that will feature domestically manufactured slot machines.

Subject to the slot machine manufacturers being licensed by the Commission, and each manufacturer’s slot machines being approved by the Commission, this preliminary table outlines the proposed manufacturers from which Montreign plans to purchase slot machines.<sup>1</sup>

Manufacturer	Mix
Bally Technologies	[REDACTED]
IGT	
Scientific Games (WMS)	
Other Manufacturers (from list below)	
<b>Total</b>	<b>100%</b>

Bally Technologies does twenty percent (20%) of its manufacturing in the United States, while IGT and Scientific Games have thirty five (35%) and twenty percent (20%) of their manufacturing in the United States, respectively.

<sup>1</sup> The final selection of manufacturers is also subject to any material changes in market preferences and technological trends at the time of opening Montreign Resort Casino.

Subject to Commission licensing and approval, the following is a list of other slot machine manufacturers that have domestic operations and from which Montreign may purchase slot machines:

- Aristocrat
- Atronic
- ISD
- Konami (Based in Japan, but with operations in the United States)
- MGAM
- Mikohn
- Multimedia Games
- Sigma Games
- Spielo
- Shufflemaster
- Williams Gaming

Finally, while Montreign plans to primarily focus on slot machine manufacturers with domestic manufacturing operations, Montreign will also consider purchasing slot machines from foreign manufacturers (if such manufacturers are licensed by the Commission) to maintain a competitive mix of slot machines in its gaming area and appropriately respond to market preferences and technological trends.
