

Submit as Exhibit VIII.B.7.a. tables for each low-, average-, and high-revenue cases modeled in the revenue study and financial forecasts reporting for each functional area of operation of the Gaming Facility following construction: (i) the estimated number of total employees by full-time and part-time positions and full-time equivalents; (ii) each job classification and the pay rate and benefits therefor; and (iii) the number of such positions that are anticipated to be filled by residents of the State, residents of the Region and residents of the Host Municipality or nearby municipalities in which the Gaming Facility is to be located. Describe the bases for these projections, for example, by comparison to similar projects.

Under Alternative #2, there are no changes to the previous disclosures made in response to this question because Attachment VIII.B.7.a.-1 is a report on employment that includes tables for each low-, average-, and high-revenue cases modeled in the revenue study and financial forecasts reporting for each functional area of operation of the Gaming Facility following construction. Included in the report are: (i) the estimated number of total employees by full-time and part-time positions and full-time equivalents; (ii) each job classification and the pay rate and benefits therefor; and (iii) the number of such positions that are anticipated to be filled by residents of the State, residents of the Region and residents of the Town of Thompson or nearby municipalities in which the Gaming Facility is to be located. Also included are descriptions of the bases for these projections, for example, by comparison to similar projects.
