## HOURS OF OPERATION

### Introduction

Nevele Resort, Casino & Spa will have multiple components and amenities to it including the major components of hotel operations, casino operations, and food and beverage operations. These are in addition to its many amenities that include the ice arena (skating rink and chalet), skiing, golf, equestrian riding, spa, rail trail, tennis and others.

Hours of operation for the hotel and main gaming floor will be 24/7/365, with all other components and amenities having varying degrees of operational hours depending on the component, amenity, business volume and season. On the next page is a schedule of anticipated hours of operation for our major components and amenities.

On an ongoing basis, we will monitor and analyze our business volume and guest requirements to ensure that we provide premium guest service and that we operates to optimize our revenue. These anticipated hours of operation may be adjusted accordingly, but it is not anticipated that the main gaming floor or the hotel will ever operate at less than 24/7/365.
