Resorts World Las Vegas

Las Vegas, Nevada, USA

Resorts World Las Vegas is a planned Asian-themed resort on the Las Vegas Strip in Las Vegas, Nevada. In March 2013, the group purchased the 87 acre Echelon Place from Boyd Gaming for \$350 million and immediately began design work to develop the property. Plans are to commence construction on the site beginning in the latter part of 2014. The project is estimated to cost between \$3.5 and \$4.0 billion and will feature over 3,000 hotels, 25 restaurants, high end retail shops and a 175,000-square-foot casino housing over 2,400 slots and over 250 table games. We anticipate that it will take approximately 24 to 36 months to complete construction. Genting Berhad received a "Preliminary Finding of Suitability" from the Nevada Gaming Commission in May of 2014. Currently the development of Resorts World Las Vegas is being managed by GENM, GENM has no financial interest in the project at this time.

Mashpee Wampanoag First Light Casino

Taunton, Massachusetts, USA

Through a wholly owned subsidiary, GENM has entered into a management agreement with the Mashpee Wampanoag Tribe, located in Southeastern Massachusetts. The resort is to be located in the City of Taunton, Massachusetts, approximately 25 miles south of Boston. Upon completion of the initial phases, the resort will have over 3,000 slots, 150 table games and 600 hotel rooms. Expected project cost is between \$500 million and \$750 million. The tribe is currently awaiting approval from the Department of Interior to place land into tribal trust. Upon approval, we anticipate commencing construction and expect to open the facility within 18 months of breaking ground. GENM will manage the facility for a period of 7 years from opening.
