The Conrad, Double Tree, and the rooms at Mandalay Bay in Las Vegas are all known for their clean and service-oriented design and the rooms in the Resorts World Hudson Valley hotel will align with these products. The suites being offered will be upgraded to be in line with the suite products in The Hotel at Mandalay Bay in Las Vegas and the top suites found in the region.

A guest will know they have stepped into the new standard for rooms in the region from the moment they step into the lobby until they check-out with ease at the end of their stay.
