

DOMESTIC SLOT MACHINES

EXHIBIT X. C.8

RW Orange County LLC is committed to purchasing at least 95% of the slot machines from companies that manufacture domestically. Please note that most of the overseas slot machine corporation are assembling and manufacturing their U.S. slot machines in America.

The following tables show the proposed manufacture mix and the manufacture composition among the Northeast jurisdictions pertinent to the New York gaming market. In addition, we included data for the latest Goldman Sachs and Fantini slot surveys. Table X. C.8-1 presents the proposed capital spending broken out by slot machine manufacturer and expressed as the % of units assigned to each manufacture of the entire slot unit count for the facility. Table X. C.8-2 presents manufacturer slot concentration as a percent of total units across various markets.
