

New York Gaming Facility Location Board
Response to Request for Applications to Develop and Operate a
Gaming Facility in New York State

TIOGA DOWNS RACETRACK, LLC

Exhibit.X.C.6.

The Tioga Downs Casino Resort is planning to provide renewable energy to the project through procurement of green power from renewable energy sources qualified by the New York State Energy Research and Development Authority (NYSERDA). This is also part of the LEED Strategy for the project, and therefore, we anticipate procuring 35% of the project's required energy needs from renewable sources. We will work with providers that meet NYSERDA qualifications to insure compliance and will document compliance through the sharing of utility bills.
