Exhibit VIII.C.13 Back of House

Traditions Resort & Casino will have over 33,000 square feet of back of house. These areas will serve as support for the numerous amenities on site along with space for administration offices. Gaming & Leisure Advisors, LLC. has learned a great deal of back of house efficiencies from developing their three properties in western New York. Their experience has been paramount in designing the back of house and ensuring proper flow, maximization of space and allocation of all support services required. Below you will find a breakdown of these spaces:
