We have recently reached an agreement with you to provide additional, supplemental insurance benefit programs for the employees of Traditions. Once you do receive the license, we believe that providing a complete cafeteria of benefits, especially those that provide protection to your employees and their families, will enhance your recruitment efforts. We also serve as consultants to both you and your employees in communicating, educating, and enrolling employees in the benefits that our provided to them. I certainly look forward to working with you!

I support this project 100 percent, this project will encourage business and industry to take a closer look at our area. The casino will definitely be beneficial to our future, for an increase in jobs and population. I've been in business for 39yrs, and have seen our economy, society, and outlook go negative for years now. it's depressing, finally I see a chance for a positive turn of events, let's all get together and support this project.

Thanks

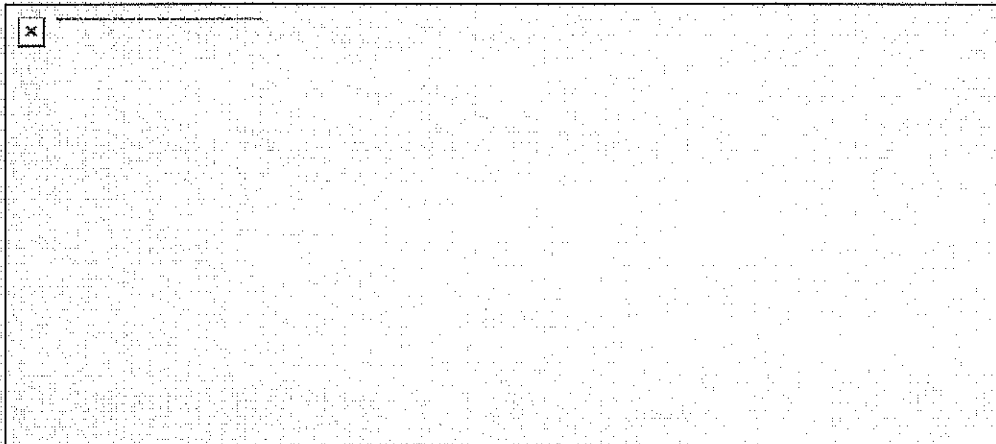

Jack coughlin

**Please help us help you.**

Since we launched our plans in November we have received incredible support from our community. Thank you for your letters, signatures, visits to Traditions and our the kiosk at the Oakdale Mall over the holidays.

We have heard many personal stories and received many letters describing the positive impact this will have in not only the community and those visiting the Southern Tier, but also many individuals.

This week is a milestone for our project as a resolution of support is pending with Broome County and will be voted on Thursday afternoon.

We are asking for you to help us by voicing your support which will help us get one step closer to being able to

If the casino is built at Traditions, Industry Building Blocks (IBB) will strongly promote its off-site corporate planning service to companies around the world (through our LinkedIn corporate planning group of over 22,000 executives). Without nightly entertainment, there is no single venue in the area that will draw corporate executives to Broome County. With the casino, IBB corporate planning meetings during the day and Traditions entertainment at night represent a winning combination.

Good morning!

Thank you for taking the time to meet with our group yesterday. We found the background of the project very interesting and informative. We definitely came away with positive talking points to share when we are out in the community. You can count on our support!

Best of luck moving forward. Please let us know if we can be of assistance in the future.

Regards,

Fred, Cindy, Tammarra

Due to the dire straights of Broome County in the State of New York, we think that this would be a great asset to the Broome County Community.

Why is Broome County not supporting this???

Congratulations for your bid on becoming a full-line casino in the Greater Binghamton area. We look forward to the opportunity this could bring to the local merchants and our economy. Being a small business in the Greater Binghamton area, we support growth wherever possible.

Good luck and best wishes,
