

New York State Government

Dear Representative,

I am writing to you in strong support of the plans to establish **the Traditions Resort and Conference Center in Johnson City** as the region's premiere destination gaming resort property.

Traditions is a local icon. It has a long history of being a favorite resort for families throughout the Southern Tier. The plans to expand the resort include a casino and a world-class entertainment venue that will offer a compelling reason for tourists to visit the Southern Tier.

The proposed development is estimated to generate between 900 and 1,200 good jobs annually, over 900 construction jobs, provide a badly needed economic boost to our community, and significantly enhance the local and state economy. Nothing else can provide this kind of economic opportunity to our community left with one of the highest unemployment rates in the state because of the departure of industry, and still trying to recover from the devastation of two "100 year" floods in less than a decade.

I know that Traditions at the Glen has overwhelming support from the local community, the local government leaders, and local businesses. I also know that owners have committed to hire local residents and to support local groups and businesses so that we will all share in the success.

I will be doing all that I can to encourage support for this project. I hope you will too.

125.	Amanda Abrams	Vestal, NY	I myself am thinking REALLY big! As a local small business owner and a resident of the Southern Tier, I fully support the building of this casino and resort at Traditions at the Glen. Not only will the building of this casino provide more jobs and annual income to our area, as well as local charity support, but having an around the clock DESTINATION in our area is what we need. Traffic will increase with every business in our area, and the money that will be put back into our community from the Walsh family will surpass any amount of traffic and financial support for the Southern Tier that Tioga Downs would. When it comes to the choice of what location would be best, it is obvious-Traditions is the perfect location for this.

171.	Teri Dinga	Binghamton, NY	Broome County needs this Resort & Casino more than any other area due to our high unemployment rate & property taxes. Not to mention the unfunded mandates in Education that these additional tax dollars would help support! I support the Walsh plan as they are proven successful investors in our community. The additional tourism that this investment in our community will also boost and bring attention to our community that will also lay the ground work for future economic development by other businesses as well.

256.	David Dozoretz	Vestal, NY	This is an AMAZING opportunity for Broome County that will directly & indirectly benefit all Broome County residents! Unlike gas drilling which will mainly benefit those land owners receiving contracts from the drillers this has the potential to benefit all land owners not just those fortunate enough to hold large parcels of land. So if you think gas drilling will be a boon for Broome then a casino at Traditions will be HUGE for Broome and will continue to benefit the area for the long term whereas gas drilling will potentially only spur the local economy for a short time with only a small number of land owners reaping the rewards. Let's not let this opportunity to revitalize our area slip away! Voice your support!

This will be the right place with 88, 81 and new 86 all coming together in the vicinity. Upstate has only 90 and while being between Rochester and Syracuse would initially seem like a good spot, you already have Tribal Casinos close by and I am sure more will be coming. Broome County and Traditions is the right spot. Good Luck!

519.	Sheila Charnetsky	Johnson City, NY	The Johnson City area needs jobs and a financial boost and a casino here will help. Tioga Downs had seven long years of gaining financially from Binghamton area residents who play at the casino. Now it is time for Johnson City to benefit from a casino. Please give the license to the Walsh family. Jeff Gural has gained enough wealth from gaming in this state, so let some other family, a local family that has roots in this community, start benefiting. Do we really need a monopoly in gaming? As a person who drives quite a distance to play at Tioga Downs, would like to drive less, win more, and know Johnson City is benefiting from a casino as well. A casino at the Traditions location is a much better choice, more centrally located, and more accessible for gamers. Thank you for listening to my opinion.

524.	Aaron Kaminsky	Vestal, NY	One of the most exciting revitalization projects New York State has seen in recent years has been the restoration of the former IBM Country Club to Traditions at the Glen. Not only did they restore the building and grounds, they restored the dignity and tradition that symbolizes what was once great about this country club. We know that if this is rewarded to Traditions, that they will take careful steps to develop a business that will grow as an embedded part of our community.

604.	Michael Novak	Binghamton, NY	Personally I think this project will benefit the entire Southern Tier. The location is centered around the former IBM Country Club which at one time stood for the Prosperity Of Broome County. This location can once again take over that position, creating much needed employment to the area, adding to the re-building of the local financial distress the area has been in and above all, providing tax relief to all in the entire area. I personally urge this project goes through as outlined.

622.	Patricia Brigiotta	Binghamton, NY	I am of the belief that a Casino will bring added employment and bring in tourist to our area. We are in desperate need to grow our economy and besides, Tioga Downs needs some serious competition.
623.	Cindy J Brigagliano	Endwell, NY	This seems like the only reasonable choice for a casino and upscale "destination" in the triple cities. My feeling is that this venue would be done with class and be a very positive draw to bring people into the area. 648.	Scott Fisher	Endwell, NY	Traditions has the perfect location for a project like this. Beautiful countryside & views, championship golf course, the spa and other amenities are already in place. A fantastic idea and just the shot in the arm this area needs.
649.	Paula Comstock	Endwell, NY	
650.	Bert Karlson	Endicott, NY	
652.	Stephen Rafferty	Binghamton, NY	Broome County and the Southern Tier needs this development.
653.	Carleen Rogers	Binghamton, NY	Traditions is a perfect location for a casino and a great boost to the broome county economy
654.	Diane Pierson	Binghamton, NY	Broome County really needs this. I think this would be great for the area to grow and thrive.
655.	Meredith McManus	Binghamton, NY	
656.	David Wood	Vestal, NY	Our area desperately needs jobs and this would be a great opportunity that would have huge impact.
657.	Allison Wood	Vestal, NY	
658.	Amber Coyne	Vestal, NY	I can't think of a more perfect destination for the Southern Tier Class III casino license!!
659.	Richard Smith	Johnson City, NY	I would like to see Traditions Resort & Casino granted a license to operate at their site on Watson Blv. as it would be a credit to our area,not to mention the jobs it would create,and tax dollars for this area.

740.	peter jovanovic	Binghamton, NY	There is in fact so much to comment on the subject I could not list them all. However, our area has been long overdue for economic recovery. things like natural gas drilling has been long overdue to commence, I imagine over the fracking issue and as it's going, it to is slowing down growth in our area. The building of a Resort at Traditions could be just the thing to jump start the economic recovery that we need so desperately.
741.	Edward Mahoney	Binghamton, NY	Not only will this project support the community in many ways, it's location in greater Binghamton, the crossroads of upstate NY, will ensure it's success.
742.	Clifford Crouch	Binghamton, NY	I think this is a great proposal well suited for the area. The design is impressive and further enhances the beauty of the overall resort. The Traditions Resort and Casino will provide much needed quality jobs for the Southern Tier.
743.	Margaret Madine	Endicott, NY	A resort Casino in Broome County is a win, win situation. Traditions has the position and potential infrastructure to support this undertaking with a graceful addition to our community..

From a once thriving area to one that is fighting for survival, I think your plan for the cadino resort is just what we need. We need a reason for people to want to come here and to stay here. We need jobs (my son has been out of work over a year) so I am personally affected by the stady decline in employment opportunities in our area. I am hoping your plan is just the beginning to an economic revitalization. Also, as an aquaitance of a few of your family members, I wish to see you succeed in this venture. 1,010. Maryjane Schambach	Deposit, NY	I am a former teacher who has known members of the Walsh family for over twenty years. I have found them to be enterprising, visionary, and ethical. As a teacher who watched most of my students leave the area due to lack of opportunity finding employment, I can only hope that the casino finds a home with the Walsh family. Their willingness to work with the community and share their own success with generous support of numerous causes is one of the strongest reasons I support them. Not least of their attributes is an unerring ability to create an atmosphere of "first class" in all they do. You'd be putting the casino in the best stewardship possible.
