

Dear Representative,

As a member of this community, I am writing to you in strong support of the plans to establish **the Traditions Resort and Conference Center in Johnson City** as the region's premiere destination gaming resort property.

Traditions is a local icon. It has a long history of being a favorite resort for families throughout the Southern Tier. The plans to expand the resort include a casino and a world-class entertainment venue that will offer a compelling reason for tourists to visit the Southern Tier.

The proposed development is estimated to generate between 900 and 1,200 quality jobs, over 900 construction jobs, provide a badly needed economic boost to our community, and significantly enhance the local and state economy. Nothing else can provide this kind of economic opportunity to our community that has been left with one of the highest unemployment rates in the state due to the departure of industry and the lasting effects of two "100 year" floods which occurred in less than a decade.

I know that owners of Traditions at the Glen have committed to hire local residents and support local groups and businesses. I will be doing all that I can to encourage support for this project. I hope you will too.
