*To whom it may concern,*

*The Blooming Grove/Washingtonville Chamber of Commerce welcomes OCCR Enterprises, LLC, as our newest chamber member. The Penn National Gaming/Cordish partnership has committed to becoming proactive members of our organization should they win the license to build a casino in the South Blooming Grove area of our town. They reached out to our chamber very early in the process and are working on creative ways to incorporate our business community in to the plan they are developing. We look forward to a long and productive relationship in the future.*

*Sincerely,*
