

## NY Live! Interior Design Narratives

### Entry Lobby/Registration

Welcome to your destination

Greeted with warm finishes and modern architecture, and bright light the high-styled interior transports you to a resort-like-atmosphere with a sense of place.

The lobby serves as an embracing compliment to the Casino beyond and introduces a fresh experience every time for loyal guests and newcomers alike.

A dramatic glowing two-sided fireplace, warm woods, textured stone wall finishes, and crisp white architectural detailing that "pop" unifying the details.

Spectacular lighting, lush color scheme of teal, nutmeg, and gold that are tempered with strong neutrals that weave together a striking and inviting environment.

### Casino

The action is on.....

Playful elegance with contemporary detailing speaks to the vocabulary when describing the main gaming floor.

Rich jeweled toned carpet colors of russet red, chocolate and black ink are arranged in the wool carpet in an over scaled organic link pattern placed over powerful stripes.

Fine wood finishes accent the curved ceiling elements and red lacquer columns provide a backdrop to the meandering fluid ceiling. The ceiling integrates the soft halos of the feature chandeliers which reflect and sparkle amongst the high energy and animation of the gaming floor below.

Whether you are testing your luck on your favorite slot machine or playing your hand at the lively table games, you are sure to get your thrill on!

**Deli**

Classic Deli with nothing but the best mouthwatering, piled high sandwiches to fill anyone's appetite...inspired.

Rustic wood flooring, subway wall tiles, beamed ceilings with a twist. Feature iconic signboard and graphics celebrating everyday neighborhood life are displayed throughout the Deli.

Its placement adjacent to the Poker room makes it the perfect pit stop before or after the game.

**Food Court**

A bustling culinary food hall, the Market delivers for every appetite.

With its mix of eclectic finishes, each venue is uniquely framed to show off the many familiar "comfort food" staples and the unique well-crafted food options.

The use of maple wood, geometric patterns, bright retro colorings, the environment is polished, modern and lively but yet provides comfort and ease. Its flexible seating options - booths, banquettes and loose dining chairs and tables entice guests to sit, enjoy and get them on the move again.

Whimsical light fixtures in globe shapes highlight the wood plank ceiling planes that are that are canted playfully to give shadow and pattern above.

The Market will satisfy cravings and invite discovery!

### All Day Café

Drop into Cafe' Live! for a light meal or snack any time of the day.

Café Live! is a dine -in restaurant, with a garden patio area that is open round the clock for breakfast, lunch and dinner.

A pastry display invites you in upon entering the restaurant enticing you to have dessert first. With its classic black and white hexagon floor and wall tiles, the backdrop is a perfect canvas for the spectacle of sugary deserts.

The Café's lively environment is bright with combinations of pear wood, citrus colored upholstery fabrics and verdant green walls that are highlighted with cream and charcoal millwork touches.

Dining tables of butcher block wood and bistro styled chairs provide the casual mix for the dining room. Highlighting of textured natural stones on columns throughout provide a warmth that blend the outdoor and indoor seamlessly.

### Coffees/Sundries

Grab a coffee or homemade pastry.....A wide range of impeccably brewed espresso and specialty coffee drinks offer a pick-me-up any time of the day or night.

The bold composition in white, cerused oak planked wood flooring and deep Azul blue wood chairs bring the fun front and center.

Chalkboard menu boards, zinc countertops and a communal styled dining tables are a perfect match for the eclectic vibe, Its glass store front allows guests to be grabbed by impulse or to pick up any "necessity" needed from the retail amenity that is provided within the venue.

### Poker

Ante up.....

The Poker player is set apart in a well- lit space with masculine colors of midnight, gold, tobacco and plum, the tables are arranged to support the intense focus on the game.

Burled walnut paneling provide the backdrop for the multiple TV's that keep the Poker players connected to the global sporting events.

NY Live! Interior Design Narrative

The feature chandeliers of pierced metal soften and provide a filtering of the ambient lighting, can be seen through the polished silver metal and rich wood paneled screens flanking the entry.

Poker chairs upholstered in brown leather and game tables with classic green felts feel right at home in this rich environment.

### **Lobby Bar**

The Lobby Bar basks in sunlight by day and glows like a beacon by night. It is the social "hub" that stirs energy for morning meeting ambiance, an afternoon cocktail or the start of a memorable evening.

The raised lounge is surrounded by a lacy patterned screen that provides a back drop for intimate gatherings or lively conversations. The view is 360 degrees which promotes visibility and openness to the lobby and gaming floor.

An oval shaped bar is graciously placed within center of the lounge with a shimmering back bar bottle display that has chrome detailing reflecting the warm lighting and mood.

The modern design environment is complimented with soft lounge furnishing, loose ottomans to gather together all wrapped in coral, chocolate cream upholstery highlighted with a colorful swirled pattern wool carpet below foot. Entering into the Lounge, stone steps provide a grand entrance, to see and be seen.

A cozy but vibrant ambience for the discerning few.

### **Asian/Noodle**

Blending contemporary Asian design with traditional Asian decorative motifs, the setting is created with the bold use of natural materials and a layered design.

The modern details carefully blend teak, ebony, modern crisply tailored furnishings, custom designed light fixtures in geometric lantern shapes, and a dramatic water feature that softly flows at the entry.

The quick and lively settings of both the Noodle Bar and the Restaurant allows you to share a quick bowl of noodles at the bar or relax in the dining room with an authentic full course meal, the choice is never wrong.

The interior is enriched by a color scheme of mustard, lucky red, sky blue and maple Stained textured glass screens provide separation for the private dining rooms. While round family styled dining tables are included for convivial dining for sharing the chefs' creations.

Table tops in natural wood finishes, and dining chairs with simple design have a softness created with the powerful red upholstery.

Blackened lava stone flooring and wood planking are intricately interwoven to provide contrast and "place" for the surrounding fixtures.

With the ceiling, a layering of horizontal screens, one on top of each other, are used to filter light enhanced with an amber golden glow to finish off the dynamic interior.

The energy is unmistakable when you enter into the room.

#### The Italian "kitchen"

A casual rustic Italian restaurant with an alfresco dining patio.

The design is at once modern and rustic with exposed brick and reclaimed wood. Wood dominates the interior and appears in various colors, textures and sizes. Stacks of firewood floor to ceiling high are displayed next to the dazzling exhibition kitchen, fit for any celebrity chef. The roaring flames in the kitchen hearth are fueled by fragrant cords of select woods.

Carrera marble table tops and dining chairs with oiled walnut frames are intermixed amongst the comfortable "all in the family" booths in rich russet leather.

A private dining room is located adjacent to the patio allowing guests to connect directly to the "alfresco" experience, playing on all the senses of smell, sight and sounds to enhance the delectable cuisine.

Overhead broad beams and hand crushed straw and plaster ceilings vault above you as you dine. Clay brick flooring with hand stenciled chevron patterns are strategically placed alongside hand chiseled wood floor planks.

Blackened steel window frames with crisp yellow and white window shades frame your view to the outdoors. The potted trees punctuate the patio, twinkle lights intermix within their canopies and the fragrant herb garden displays all crescendo for a mouthwatering experience.

### **Steakhouse/Living Room**

Savor the views, relish the Flavors – Steakhouse

Referencing the classic American steakhouse, the interior is woven with time honored finishes like dark wood flooring, high back leather dining chairs, upholstered walls and white linens, the room is tried and true.

An impressive scaled working wine display cabinet is featured within the dining room amongst the varied seating options. From intimate round booths, communal dining tables, to casual bar seating celebrating the experience. The coffered ceiling is punctuated by drum pendants that bring a modern sensibility and glints of polished metal.

The flickering of light from the patio fireplace lures the guest to the outdoors for an afterhours drink or cigar. A mix of inviting lounge chair groupings, dining tables and ottomans upholstered in classic striped patterns invite relaxation while you enjoy the outdoors whether dining or winding the evening up.

### **The Living Room**

The bustling bar scene is the centerpiece, and the atmosphere is relaxed and lively, Comfortable sofas, lounge chairs and curving banquettes allow groups to mix and mingle.

Sandstone chiseled wall panels and rich teakwood millwork straps are softened by wall to wall link patterned carpet in hazel, chocolate, earl grey and vivid pomegranate colors that lusciously frame the expansive views.

Soaring above are giant over scaled lanterns grouped together and positioned centrally within the double story ceiling casting “dancing shadows” on the adjacent walls and floor below.

### **Hi Limit Slots/Lounge and Hi Limit Table Games/Lounges**

A luxurious yet comfortable interior that looks and feels different to guests every step of the way. Their ambience is part of the distinctive VIP experience.

High profile facades of the Gaming Rooms flank the Casino and are each adorned with polished metals, handsome woods and accent lighting that discern itself from the main gaming floor.

By contrast, the interiors have upholstered cream colored walls with undulating toffee colored leather paneling. Makassar ebony cocktail tables and magenta occasional seating are accented with modern architectural finishes.

An intimate bar is positioned within the lounge that is dressed with reflective smoked mirror and brushed metal as a backdrop for cocktail offerings. Here guests will enjoy extraordinary food and beverage service and have a choice of dining tables or sofa seating groups to enjoy the offerings.

Sparkly sliced geode light fixtures emanate a whimsical glow onto the interlocking hexagonal shaped cove lit ceiling.

The action is in the gaming room which has vibrant upholstery and organic patterned wool carpet that is the perfect complement to adjacent Lounges.

### **Center Bar**

Hi energy gathering place where the back bar makes you take notice with multiple stacked wood and chrome boxes framing TV's and video screens that feature the big game or the next big musical talent.

The ceiling seems to fold and re-shape itself as you travel from one end of the bar to the next. Its flat wood planes are bent, overlapping and sliced by light rays. The Center Bar sits up proud in the casino with a 360 degree view to ensure the action is not missed.

Wood Flooring is flanked on left and right side of the bar with deep rustic "gritty" blue tile to serve as contrast to its natural graining. Strategically placed above you, dropped from the folded ceiling planes are chandeliers created by bundles of dichroic glass rods held together with forged iron straps. The dichroic glass reflect and bounce color from end of end.
