RESPONSIBLE GAMBLING PLAN

I. Introduction

Live! Hotel & Casino New York is committed to providing the highest standards of customer care and to operate a venue where responsible gaming is a priority of all employees as more further described herein. Our Responsible Gaming Program is not just limited to responsible gaming, but also to the responsible service of alcoholic beverages.

While gambling is enjoyed by the majority of individuals responsibly, LIVE! acknowledges that problem gambling and substance abuse are serious community issues and that a small proportion of patrons cannot or will not gamble responsibly.

The decision whether to gamble or consume alcoholic beverages are the prerogative of the individual.

This Program provides a framework through which LIVE! can ensure its general practices are consistent with the community's expectations and that our operation will be conducted in a responsible manner. To this end, LIVE! shall take steps to promote responsible gambling and responsible alcohol service.

II. Code of Conduct - Goals of the Program

LIVE! has developed this Code of Conduct for Responsible Gaming and Alcohol Service. Written within our Code of Conduct are our goals and expectations for the Program.

LIVE! pledges to our team members and patrons to make our Code of Conduct an integral part of our daily operation. This pledge encompasses all aspects of our business, from team member training, operational policies & procedures, advertising and marketing. This Code also covers the commitment of our team members and their continued support of our initiatives and public awareness surrounding responsible gaming, the responsible service of alcoholic beverages and prevention of underage gambling and alcohol consumption.

PLEDGE TO OUR TEAM MEMBERS

In accordance with state guidelines, the exclusion will be entered into the Player Tracking System within 72 hours of receipt from the New York State Gaming Commission.

The mail code for the account will also be changed to a “no mail” code to prevent the individual from receiving any promotional mailings, either via physical mail or email, initiated in-house to include those distributed through a mail distributor or like vendor. Upon such identification, the Surveillance Department will be notified to monitor the presence of the voluntarily excluded person. Once notified, the Surveillance Department will review their logbooks. If the individual is confirmed as being voluntarily excluded, Security is called to escort the voluntarily excluded individual to the Security Office to document the incident by filing an “*Incident Report*” form. Tracking of Involuntary Exclusion Patrons

Upon receipt of the “*Incident*” form, the Marketing Department will be solely responsible for entering into the Player Tracking System (OASIS) message alerts for each individual on the involuntary exclusion list.

The mail code for the account will also be changed to a “no mail” code to prevent the individual from receiving any promotion mailings. If applicable, the Credit Department will suspend the individual’s credit account. If the named individual does not have a player tracking account, the Marketing Department will create one for the involuntarily excluded individual and immediately add a “Commission Excluded” note to the individual’s account.

When a patron is flagged as involuntary excluded in the system, their player account becomes invalid. If an involuntary excluded person attempts to use their Live! Rewards Card, they will get a message indicating that their card is invalid and instructed to go to the Live! Rewards Booth.

The Marketing Department will notify management of the following:

Casino credit (if offered), check-cashing privileges, player reward membership, complimentary goods and services and other similar privileges and benefits to any involuntary excluded individual will be denied. LIVE! will utilize message alerts and “no mail” status in the OASIS player tracking system for each individual on the involuntary exclusion list; and

personal access to casino credit, if offered; check cashing and credit card cash advances, as well as casino marketing mail. To enroll themselves in such a program, the patron may specifically request the casino restrict certain financial transactions and/or stop casino marketing mail.

1. Personal Financial Restriction Program - This option is administered by the LIVE! Cage Department. With this option, a patron will sign an affidavit indicating that he or she wishes to be financially restricted at this property only. The term of the financial restriction will last until reinstatement is requested and granted in accordance with the reinstatement procedures below.

Once enrolled, the following actions will be taken:

- If Financial Restrictions are requested, the patron's player tracking account (OASIS) will be labeled "Financially Restricted," so that any team member accessing the account will know of their status and will refuse them restricted financial services;
- The patron will not be allowed to obtain casino credit, if offered (any existing credit lines will be closed); cash a check or get a credit card cash advance; and
- If requested by the patron, the patron will also be removed from property promotional/marketing mail lists and the patron's player tracking account will be labeled "*No Mail*".

Reinstatement – To have financial restrictions lifted, the patron must send a request to the Responsible Gaming Committee requesting reinstatement. The decision on whether to reinstate will be made by the property Responsible Gaming Committee. The Committee's decision will be communicated to the patron via letter.

This option is administered by the LIVE! Marketing Department. A patron may request that his or her name be removed from the property mailing list solely to prohibit the receipt of marketing material by mail. To do so, the patron may contact a marketing representative in person and make the request. The patron's player tracking account will be labeled "*No Mail*".

Any patron who wishes to re-establish marketing correspondence simply has to request such reinstatement verbally to a marketing representative.

IX. Database Information, Access & Confidentiality

LIVE! shall use its Player Tracking System (OASIS) as the primary means to identify excluded and voluntarily excluded persons. The Player Tracking System shall also be

- B. **Confidentiality** - The identities of individuals on any exclusion, financial or mail restriction list are strictly confidential and may not be disclosed for any purpose other than to comply with the voluntary exclusion and financial restriction programs outlined in this document and New York law. Disclosure of such names for any other purpose could result in discipline up to and including termination of employment for the individual responsible and regulatory action by the New York State Gaming Commission. LIVE! will control access to the names of individuals enrolled in a voluntary exclusion and/or financial restriction program through access controls to the Player Tracking System. Such controls include:
1. Access Control – Team members who need access to the names of individuals on the Voluntary Exclusion and Financial Restriction List(s) will be granted access to the Player Tracking System.

Team members are advised through the Responsible Gaming Training Program of policies and procedures concerning underage gambling. LIVE! takes the issue of underage gambling very seriously and has developed policies and procedures to prevent individuals under the age of 21 (except for authorized team members) from accessing the facility or gambling:

- A. **Access** - Individuals under the age of 21 may not enter or be on the gaming floor. Security personnel will be stationed at all main public entrances leading to the

RESPONSIBLE GAMBLING PLAN

gaming floor in order to prevent access by underage individuals. An individual will be carded by a security officer at the entrance to the facility if they appear to be under the age of 35. All team members are responsible for ensuring that an individual under 21 years of age does not enter the facility, gamble or consume alcoholic beverages. Any team member who reasonably suspects an individual may be under the age of 21 has the right and obligation to card that individual (or ask a security officer to card the individual).
